X To give every child the best start in life

X To promote and encourage healthy choices

X To support our population to age well

X To maximise opportunities to develop our built environment into healthy places

X To tackle physical inactivity

EXECUTIVE SUMMARY (OVERVIEW):

The attached paper,
  a) Q2 progress update on the objectives for discussion
The paper updates with Board with a Q2 update on the progress against the breakthrough objectives. The update is intended to provide the Board with an overview of the work undertaken to date on developing the delivery of the objectives and will be further developed for the next reporting round to include the identified performance measures set out in the SMART analysis.

The Board are asked to note areas of continued success in the delivery of the Enhanced Care Response Service and the involvement of the CVS and voluntary sector in progressing delivery of objective 2.1 and operationally in support of the delivery of the COVID vaccination programme linked to 3.1.

Significant progress in the development of the proposal for an integrated model for care homes has seen the clinical model agreed by system partners presented to Transformation Board for approval and will then facilitates the completion of the commercial and financial elements to complete the proposal. The aim, if TB approval is achieved is to present the proposal to the Exec Team in December. The proposal provides a key delivery programme in support of objective 3.1

Objective 5 is subject to a deep dive at the Board meeting

The Board are asked to consider the paper and:
