<b>Executive Summary</b>				
<p>One meeting was held during this quarter and it was very positive and well attended.</p> <p>The Young members' project is now gathering pace. I was interviewed by Josh from West Notts College and that can be seen in this month's Trust Matters. There are also many items for young members with a Pharmacist interview and other links. I urge you all to look at it and hopefully contribute in the future; 'Introducing governors' where Lawrence Abrams contributed this month.</p> <p>I think we were all disappointed not to be starting 'Meet your Governor' sessions in person this month but we must follow the advice given by the Chief Nurse. Hopefully these will resume in the very near future as national lockdown restrictions are eased.</p> <p>At the Forum on 20th April 2021 there was a very interesting presentation from David Ainsworth to consider what role SFHFT can play in Population Health management and I hope by the next meeting that we will have 'fleshed up' ways to work with Notts Healthcare, Healthwatch and the CCG in schemes which allow all governors to actively participate.</p> <p>This presentation provoked a good discussion on local schemes etc. and it was asked if middle managers received training in system working.</p>
