Calling all student nurses choose Sherwood Forest Hospitals for your Elective placement

Exciting opportunities are available for you to apply for - if you want to make a difference to people's lives as well as enhance your learning experiences, consider a placement with Sherwood Forest Hospitals NHS Foundation Trust.

The Trust is built on the dedication and hard work of our staff and we are very proud of our highly-skilled workforce. We offer a strong commitment to your well-being and development and provide the best possible support from experienced staff in your chosen area.

Perhaps there may be an area of particular interest to you. It may be somewhere you are thinking about working once qualified. We have teams who have been specifically prepared to take students for their elective placement such as Tissue Viability, Infection Control, Drugs & Alcohol Liaison Team and Safeguarding.

These are in addition to those who also take students on their regular placements such as Ward areas, GU Medicine, Newark Minor Injuries Unit and the Research & Innovation Team.

Perhaps your learning would be enhanced by spending your time in 2 related areas – we are happy to look at bespoke placements where appropriate.

We play a vital role in the education and training of doctors, nurses and other healthcare professionals and have well-established links with the Universities of Lincoln and Nottingham in both under and post-graduate education.

As well as a rewarding placement, the Trust offers a range of benefits including:

- A central Midlands location easily accessible from many areas.
- Reduced rate on-site parking.
- 24/7 access to a dedicated library and knowledge service where you can access the latest evidence based practice information.
- Restaurant and other outlets available to purchase food and drink.
- On-site cash machine.

- Opportunity to find out about working for the Trust, the benefits and our robust preceptorship programme.

If you are looking to enhance your learning experience in a dynamic forward thinking Trust then we would like to hear from you.

To access your elective placement with us you will be in your second or third part of nurse training with a University.

To Apply

Please contact Nic Fowkes, Practice Learning Lead 01623 622515 x 2786 or email sfh-tr.practicelearning@nhs.net to further discuss what you are looking for.

Following initial contact please use the forms within this section to apply for your placement choice.

We will then approach the team / clinical area regarding your request and contact you via email regarding the decision.

We look forward to welcoming you to Sherwood Forest Hospitals for your elective placement.
