Executive Summary				
<p>The aim of the COVID-19 vaccination programme is to protect those who are at risk of serious illness or death should they develop COVID-19, and reduce transmission of the infection, thereby contributing to the protection of population health.</p> <p>The paper provides an overview of the contributions the Trust has made to support the Nottingham and Nottinghamshire COVID-19 vaccination programme.</p> <p>The details of the vaccinations issued to date are summarised in the attached slides.</p> <p>The Summary highlights to date are:</p> <ul style="list-style-type: none"> • KMH Hub have delivered just over 203,000 vaccines. • Spring booster campaign has commenced from 21st March 2022. The booster dose should be given around 6 months after the last vaccine dose to, <ul style="list-style-type: none"> ○ Adults aged 75 years and over, ○ Residents in a care home for older adults, ○ and Individuals aged 12 years and over who are immunosuppressed 				

- An additional booster programme is expected in autumn 2022 for remaining cohorts 1-9. This will include a further booster programme for colleagues at the Trust.
- In addition to a booster programme the JCVI advised a one-off, non-urgent programme to offer vaccination to all children aged five to 11 years of age who are not in a clinical risk group from 4th April 2022.

The update also provides an overview of the progression of the Hospital Hub re-locating from its present location in the Trusts Education Centre to the ground floor to TB3. TB3 renovation work commenced 22nd March 2022 with estimated completion date mid-April 2022

Recommendation

The Trust Board is asked to take assurance from the report and to note the significant contributions made by colleagues at Sherwood Forest to enable the successful delivery of vaccinations to the citizens of Nottinghamshire and colleagues working at Sherwood.
