FOI Request / Question	Question Response	Is there an exemption?	Exemption	Exemption Details
 1. Total Spend and Volumes: The total spend (in £) and volume (number of procedures) for both inhouse and outsourced provisions for each of the following ophthalmology procedure groups: Cataract surgeries AMD – eye injections AMD - photodynamic therapy LASIK SMILE Corrective laser eye surgeries (e.g. PRK, LASEK, TransPRK) 	In House = £5,381,827	Yes	Section 43	Section 43 - Commercial interests It is our opinion that the information sought in relation to costs and volumes together is exempt from disclosure pursuant to section 43(2) of the Freedom of Information Act 2000 (FOIA). S43(2) relates to information that is exempt from disclosure that could have a detrimental effect on the commercial interests of "any person." The Trust considers that at this time the commercial interests of the Trust, third parties and overall the NHS could be detrimentally impacted upon. Please see the public interest test below. Public Interest Test We recognise that the disclosure of the information sought in relation to the costs involved would provide transparency in the use of public funds by the Trust and the NHS in general. It would also assist the general populous with transparency in decision

	making by the Trust and their transactions with third parties.
	Conversely to the factors demonstrated above in favour of disclosure, it is felt that the Trust, third party suppliers and overall the NHS could be disadvantaged should the information sought in relation to costs being made available. Suppliers compete with one another in a competitive environment and to provide the value of the costs involved may allow rival companies to undercut the Trust current suppliers, lead to loss of confidence by suppliers and customers and could cause significant harm and disadvantage to the Trust and suppliers.
	The disclosure could also adversely impact on any on- going or future procurement processes for the reasons outlined above. Any disclosure by the Trust could also in future discourage the provision of commercially sensitive information necessary to respond properly to the Trusts Invitation To Tender, and would be likely to affect and undermine the Trusts bargaining position in any future procurement process or negotiations. Ultimately civil action could be taken against the Trust should information be disclosed that
