Executive Summary Background

The People Strategy for 2022-2025 launched in Summer 2022, since then we have successfully delivered Year 1 (2022/2023) and Year 2 (2023/2024).

We are mindful given the changing NHS landscape that our People Strategy needs to be refreshed annually to ensure it is relevant and aligned to latest Trust and national priorities.

We have therefore updated our priorities for the third and final year (2024/2025) of our People Strategy to ensure actions are meaningful, relevant, and achievable.

Engagement commenced at People Committee in November 2023. A robust engagement plan has been developed and completed. The latest version has been shared with all 3 People Sub-Cabinets, our People Cabinet and **approved by People Committee on 28th May 2024.**

Enc 8 - People Strategy 2024/2025 – Strategy Booklet

We will continue to shape our priorities around our commitment to **empower support our people to be the best they can be.** This aligns to the new Trust Strategy 2024-2029: Improving Lives (Trust Strategic Objective 2)

Priorities are categorised into the below **4 delivery pillars** which deliberately anchor back to the NHS People Plan:

- Looking after our People
- Belonging in the NHS
- Growing for the future
- New ways of working and delivering care

The People Strategy booklet has been pulled together in line with feedback over the last 7 months, **the final version (V1.9) is attached** and branding has been reviewed by our Creative Comms team.

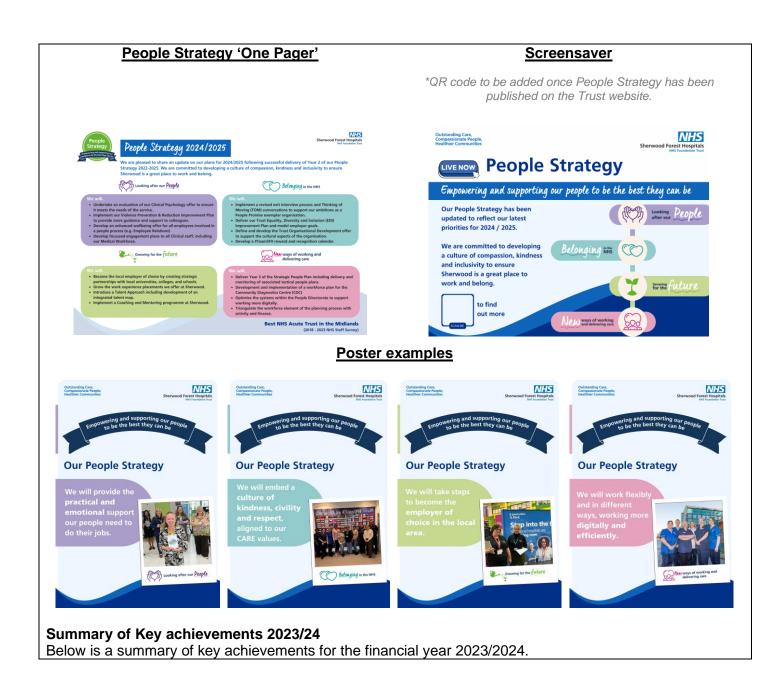

We have deliberately chosen to have 4 key priorities per delivery pillar that are key strategic improvement areas above our day-to-day offer which will remain 'business as usual'. All actions now have supporting measures that we will monitor throughout 2024/2025 to ensure we are on track.

People Strategy 2024/2025 – Launch Plan

A supporting internal communications/launch plan has been developed and we propose to run this between June/July 2024. This will entail:

- Staff Story video (to be launched at 6th June Trust Board and shared as part of wider comms)
- Launch/Presentation at Trust Team Brief (11th June) Throughout June 2024:
 - Screensavers
 - Bulletin articles
 - Posters
 - New intranet page to go live
 - Social content via Trust/People Directorate 'X' platform (Twitter)

Content to support the launch plan is currently being developed, examples are below. *Please note: launch content is in draft and awaiting review by Creative Comms.*

Key achievements 2023/2024

Looking forward – Our next People Strategy

Our next People Strategy will run from 2025-2029 in line with the end of the latest Trust Strategy.

We intend on keeping the same strapline of; empowering and supporting our people to be the best they can be (as this aligns to Strategic Objective 2 of the Trust Strategy) but will review our delivery pillars, priorities, and measures to ensure they are relevant and meaningful, a People Strategy for our people and designed by our people.

Key dates

- June to August 2024 = Initial engagement and idea generation:
 - Stalls at all 3 sites
 - Development workshop sessions with key leads around the Trust
 - September to November 2024 = Refinement of key priorities and success measures
- December 2024 to January 2025 = Final review of content
- February 2025 to March 2025 = Final review of branding
- March 2025 = Approval at People Committee
- April 2025 = Approval at Trust Board / Launch*

*We propose that our next People Strategy should be approved at April 2025 Trust Board, in line with the start of the 2025/2026 financial year.

Recommendation:

We ask Board members to approve the People Strategy Year 3 (2024/2025) update with a view to publishing/launching the People Strategy from 11th June 2024, communications to be implemented throughout June/July 2024.

We also ask Board members to approve the proposed change to future workplan timings for People Strategy approval dates, so that our next People Strategy (2025-2029) is presented at Trust Board for approval in April 2025.

Future progress updates will continue to be provided to People Committee on a quarterly basis.
