Breast Unit

Dear

Diagnosis: *Grade, Stage and Type of breast cancer*

Treatment summary: *Type of Surgery and Date, further adjuvant treatments*

You have recently reached 5 years since your diagnosis and treatment for breast cancer.

The Breast Unit Multidisciplinary team has reviewed your case and as per national guidelines you can now be discharged from the breast unit, to the care of your GP.

Mammograms will continue under the routine breast screening programme. If you have yet to reach the age for national screening programme, your mammograms will continue annually until then.

Yours sincerely
