# Supervised Exercise Group

## **Welcome to the Supervised Exercise Group!**

We are pleased you will be joining others on this programme to help you manage and improve your pain, better understand how your pain affects you and what things can affect your pain. The programme aims to improve your quality of life, help you stay active and get you back to doing the things you enjoy.

# Supervised Exercise Group

**Please read this letter carefully as it contains important details of the programme, and what to expect.**

## WHAT IS THE SUPERVISED EXERCISE GROUP?

This group is a general exercise group for patients that require supervised exercises and an opportunity to use the gym equipment. You need to be able to attend at least every 3 weeks. All individuals work to their own levels and the lead physiotherapist can progress exercises when they are ready.

## WHERE ARE SUPERVISED EXERCISE CLASSES?

The Supervised Exercise Class is run across several gym locations across the Mid-Nottinghamshire region covering Newark and Sherwood as well as Mansfield and Ashfield. You will be able to select your choice of location when our admin team contact you to book your sessions.

## HOW MANY SESSIONS WILL I COMPLETE?

The Supervised Exercise Class is led by you. You will generally complete 6 sessions but these can be in consecutive weeks or spread out every 2-3 weeks to suit your lifestyle.

**It is important you are able to commit to the programme in order to reap the benefits.**

If you are unable to attend one of your classes, please discuss this with the group leader.

## WHAT TO BRING TO YOUR FIRST CLASS

Please wear some loose-fitting/gym clothing, comfortable trainers, a water bottle, sweat towel and reading glasses if required. If you have any questions before the first class, call us on **01623 484820**.

**We look forward to welcoming you soon!**

Class attendance is recorded in the same manner as a one to one physiotherapy appointment. If you fail to attend your class without letting us know, as per policy, you will be discharged from the department.
